Section 1: The Law on School Attendance and a Right to a Full-Time Education

The law entitles every child to an efficient, full-time education suitable to their age, aptitude and any special educational need they may have. It is the legal responsibility of every parent to make sure their child receives that education either by attendance at school or by education otherwise than at school. Where a parent decides to have their child registered at school, they have an additional legal duty to ensure their child attends regularly (DFE 2022).

Regular attendance means children **must** attend every day the school is open, except where a statutory reason applies, for example illness or leave of absence authorised in advance by the headteacher (DFE 2026). Absence can indicate safeguarding concerns. See Unexplained Absence Protocol and Children Missing Education.

Government expectations

As set out in *Working Together to Improve School Attendance (2024)*:

Schools and academies must:

- promote good attendance and reduce absence, including persistent and severe absence;
- ensure every pupil has access to the full-time education to which they are entitled;
- act early to address patterns of absence;
- work in partnership with families and local authorities.

Parents must:

- ensure children of compulsory school age who are registered at a school attend regularly;
- engage with support offered by the school and local authority to remove barriers to attendance.

Pupils are expected to attend punctually and be ready to learn.

For the purposes of this policy, a parent means:

- all natural parents, whether they are married or not;
- any person who has parental responsibility for a child or young person; and,
- any person who has care of a child or young person (i.e. lives with and looks after the child).

Legislation

The principal legal powers and duties governing school attendance are set out in:

- *Education Act 1996* (including Section 444 on parental duty);
- The School Attendance (Pupil Registration) (England) Regulations 2024,
- *The Education (Penalty Notices) (England) Regulations 2007*;
- *Children Missing Education Statutory Guidance* (DfE 2024);
- *Keeping Children Safe in Education (KCSIE 2026)*;
- *Working Together to Improve School Attendance* (DfE, 2026).

Failure to ensure regular school attendance of compulsory school age children may result in legal action by the Local Authority, including Penalty Notices or prosecution. Under Section

444(1A) of the *Education Act 1996*, knowingly allowing absence is a separate offence and can carry more serious penalties.

Compulsory School Age

Compulsory school age is set out in section 8 of the Education Act 1996 and The Education (Start of Compulsory School Age) Order 1998. A child reaches compulsory school age on the prescribed day following their fifth birthday (or on their fifth birthday if it falls on a prescribed day). The prescribed days are 31 December, 31 March and 31 August. The term 'summer born' is used to refer to children born from 1 April to 31 August. These children are not required to start school until a full school year after the point at which they could first have been admitted.

Admission authorities are required to provide for the admission of all children in the September following their fourth birthday. Flexibilities exist for children whose parents do not feel they are ready to begin school before they reach compulsory school age.

Irregular Attendance of Non-Compulsory School Aged Children in EYFS

Good attendance and punctuality are expected and promoted from the point of entry to the early years foundation stage. Academies will work proactively with families where attendance or punctuality causes concern, helping children establish positive habits from the outset.

Pupils with Medical Conditions or Special Educational Needs and Disabilities

All pupils, including those with long-term medical conditions or SEND, have the right to full-time education. We will maintain the same ambition for attendance for pupils with SEND and long-term medical conditions, make reasonable adjustments, and review impact regularly, in line with *KCSIE 2026* and the *SEND Code of Practice*. Support may include:

- sensitive and solution-focused conversations with parents;
- tailored support plans and reasonable adjustments;
- strategies to remove in-school barriers to attendance;
- regular monitoring of attendance data for vulnerable groups (SEND, Pupil Premium, lowest 20% attainment);
- signposting to additional health, pastoral, or external agency support.
- reasonable adjustments may also include the use of part-time timetables or alternative provision, but only as short-term, clearly documented measures with written agreement from parents and regular review, in line with the Equality Act 2010 and DfE guidance.

Attendance difficulties relating to SEND or medical needs will be considered carefully and sensitively. They will not automatically be assumed to be unavoidable without appropriate discussion, reasonable adjustment, support and review. Schools will work proactively with families and external agencies to identify and address barriers to attendance while maintaining high expectations for attendance and engagement.

Persistent and Severe Absence

In line with *Working Together to Improve School Attendance* (DfE, 2024), pupils are classified as:

- **Persistently absent** if they miss **10% or more** of their possible sessions (attendance below 90%).
- **Severely absent** if they miss **50% or more** of their possible sessions.

Both persistent and severe absence are recognised nationally as indicators of serious concern and are linked in *KCSIE 2026* to safeguarding responsibilities. Reaching these thresholds triggers additional support through the school's **Tiered Approach** (appendix 1) and the staged meetings described in **Persistent Absence** below

Schools will give particular consideration to pupils who are persistently or severely absent, recognising that these pupils may be at increased risk of harm, exploitation, poor educational outcomes, and social isolation.

Section 2: Importance of School Attendance

Attendance is everyone's business

Across Waterton Academy Trust, improving attendance is everyone's business. Strong attendance is not the responsibility of one person or one team; it is a shared culture and a shared safeguarding responsibility across all schools. Trustees, governors, trust leaders, headteachers, senior leaders, teachers, support staff, attendance leads, pastoral teams, pupils, parents, carers, local authorities and wider partners all have a part to play in helping children attend school regularly, feel that they belong, and access the full-time education to which they are entitled.

All staff should understand their role in promoting good attendance, noticing patterns of absence or lateness, removing barriers where possible, recording concerns accurately, and acting early. Attendance must be considered alongside safeguarding, SEND, behaviour, wellbeing, curriculum access and family support so that children receive the right help at the right time.

At Waterton Academy Trust, every school day counts. We know that children thrive when they feel part of their school community, enjoying learning and building friendships. When children miss school, they miss out not only on lessons but also on these important experiences. That is why regular attendance is so important for academic progress and overall wellbeing. We are determined to work together, with the support of families, to make sure every child has the best chance to succeed and enjoy all that school has to offer.

Under the Education Act 1996, parents are legally responsible for ensuring their child attends school regularly. We ask all families to work with us to promote good attendance and punctuality. While occasional absence may be unavoidable, we aim to reduce absence to the lowest possible levels through clear expectations, celebration of good attendance, and support for children and families where challenges arise. Waterton Trust Academies recognise that absence can be a safeguarding indicator, and actions will be in line with *KCSIE 2026*.

The Trust employs an Education Welfare Officer (EWO) who works closely with schools and families to provide additional expert support for improving attendance in line with the Waterton Tiered Approach. If supportive measures do not lead to improvement, formal action may be taken, including written warnings or legal sanctions.

Waterton Academy Trust does **not permit flexi-schooling** arrangements. All registered pupils are expected to attend school full-time unless otherwise agreed in line with DfE guidance (e.g. for part-time timetables as a short-term support strategy for reintegration).

This policy should be read alongside the Waterton policies on: Safeguarding and Child Protection; SEND; Supporting Pupils with Medical Conditions; and Suspension and Exclusion.

It must also be read in conjunction with the following statutory guidance: *Keeping Children Safe in Education* (DfE, 2025); *Working Together to Improve School Attendance* (DfE, 2024 – statutory from August 2024); *Children Missing Education – Statutory Guidance for Local Authorities and Schools* (DfE, 2025); *Parental Responsibility Measures for School Attendance* (DfE, updated 2024).

Together, these documents set out the legal duties and safeguarding responsibilities that underpin this Attendance Policy.

Abbreviations

EWS – Education Welfare Service, EWO – Education Welfare Officer, CME – Child Missing Education, WAT – Waterton Academy Trust, LA – Local Authority

PN – Penalty Notice; PA – Persistent Absence; SA – Severe Absence. For a 190-day year, PA is typically 19 days or more missed; SA is typically 95 days or more missed.

Our Approach

At Waterton Academy Trust, attendance is everyone's business. Our approach is built on belonging, strong relationships, high expectations and early help. Every adult in every school has a role in promoting attendance, noticing concerns, responding to barriers and making sure pupils are supported to attend regularly. We use accurate and timely data, alongside professional knowledge of pupils and families, to identify patterns early and provide the right support through our three-tier model. Together, we aim to ensure every child attends regularly, is safe, feels they belong, is ready to learn and can thrive.

Core Model for Improving Attendance

The Waterton Tiered Approach to attendance is based on the following shared commitment to promoting and sustaining high attendance.

- Understand pupils and families holistically
- Foster community, connection, and belonging
- Communicate clearly and constructively with families
- Strengthen classroom provision and engagement
- Deliver targeted interventions where needed
- Use research evidence to inform our work

- Monitor and review impact regularly
- Avoid initiative overload by following implementation guidance
- Ensure governors play a strategic and accountable role

Our approach aligns with the Department for Education's six principles:

- **Expect:** Set high standards and build a culture that values attendance
- **Monitor:** Use data to spot issues early at individual and group level
- **Listen and Understand:** Explore barriers with families and agree next steps
- **Support:** Remove in-school barriers and help access wider support
- **Formalise:** Be clear about expectations and consequences if support isn't working
- **Enforce:** Use legal powers when all other avenues have been exhausted

Our commitment and these principles are enacted through Tier 1 universal culture and curriculum, Tier 2 targeted help, and Tier 3 multi-agency and legal routes:

Promoting and Celebrating Attendance

Attendance and punctuality are promoted through class teaching, assemblies, and celebrations. Each school develops its own approach to rewarding and improving attendance in line with the Waterton Tiered Approach to attendance. This is outlined in the document Appendix 2 Template: Attendance Essentials for Parents

When Attendance Becomes a Concern

When absence or lateness becomes persistent or shows little improvement, the academy will take the following actions delivered through **Tier 2** targeted support and, where needed, **Tier 3** statutory intervention outlines in the Waterton Tiered Approach (**appendix 1**).

- Monitoring individual cases and attendance trends
- Working together with children and families to build positive routines
- Developing attendance improvement plans with tailored interventions to meet specific needs
- Using formal escalation procedures, including legal action if required

School Information

Each school will work towards an annual attendance target for all pupils and for disadvantaged pupils as part of the Trust's annual target-setting process. Targets will be informed by the Department for Education's Attendance Baseline Improvement Expectation (ABIE) and the school's current attendance context and cohort profile. The ABIE sets out the minimum expected improvement in overall attendance for each school, tailored to its context.

The School Day

The law states that children should arrive at school on time, every day. Each day has two sessions. The register is taken at the start of the morning session and again at the start of the afternoon session. Registers will be taken at the same published time for all registered pupils in accordance with statutory guidance. Pupils attend school for 380 sessions or 190

days during a school year. It is a legal requirement that the attendance register be taken at the start of each morning and afternoon session.

The expectations for Newstead Acadmey are as follows:

- 8:45am - The start of the school day. Doors open to pupils and the registration period begins.
- 9:15am - Registration period closes. All external classroom and cloakroom doors are secured and lessons begin.

The expectations for Newstead Hunningley Acadmey are as follows:

- 9:00am - The start of the school day. Doors open to pupils and the registration period begins.
- 9:30am - Registration period closes. All external classroom and cloakroom doors are secured and lessons begin.

Late Arrivals

Late arrivals impact on learning and progress and may also disrupt classroom routines for the class as well as the late pupil.

- Pupils who arrive late, but before the register has closed (9:15am – Newstead / 9:30am Newstead Hunningley) will be recorded as L in the register. This is counted as a present mark but shows lateness.
- Pupils who arrive late after the register has closed (9:15am – Newstead / 9:30am Newstead Hunningley) will be coded as U (unauthorised) in the register. This is counted as an unauthorised absence.

The school register is a legal document, checked regularly by the Headteacher and Trust Education Welfare Officer. Checks ensure registers are being maintained accurately and assess the reasons and frequency of any absence.

Absence

Parents who choose to register their child at school have a legal duty to ensure they attend regularly—this means every day the school is open, unless the child is too ill or leave has been authorised in advance by the headteacher due to exceptional circumstances. All absences should be avoided wherever possible, as even short periods of non-attendance can impact learning.

First Day of Absence

When a child is too unwell to attend school, parents must notify the school by 9:00am on the first day of absence, clearly stating the reason.

Safeguarding and Unexplained Absence

In line with *Keeping Children Safe in Education (KCSIE) 2026*, absence from education can indicate a safeguarding concern. The school must follow up unauthorised absence and act swiftly where children are missing. The school will implement the following procedures as part of its Tiered Approach to attendance.

Particular attention will be given to patterns of absence, including frequent illness, repeated lateness, part-day absence, and absence linked to known safeguarding vulnerabilities.

Immediate response after registration

Thirty minutes after the close of registration, if a pupil's absence remains unexplained, the school will begin its safeguarding response:

- The school will attempt to contact parents or carers by telephone. The school will try at least two emergency contacts, as schools should hold more than one emergency contact number wherever reasonably possible
- If no contact is made, a home visit must be carried out by members of the school's pastoral or safeguarding team and may involve the Trust Education Safeguarding Officer.
- Where concerns persist, the Headteacher or Designated Safeguarding Lead will review the information and determine next steps.
- Where the child's safety cannot be established, the Headteacher or Designated Safeguarding Lead will escalate without delay. This may include informing the Trust Education Welfare Officer, making a referral to Children's Social Care, and requesting a safe and well check by the police.

Reasonable enquiries and joint working

- When a pupil's whereabouts are unclear or unknown, schools and the local authority should make reasonable enquiries immediately and jointly, allocating responsibilities and completing checks promptly. These enquiries must be thorough and support-focused, with actions tailored to the specifics of the case.
- The school will use local information-sharing routes and, where appropriate, ask the local authority to use GIAP (Get Information About a Pupil) and S2S (School to School) systems to check whether the child is on roll elsewhere and to trace pupil files.

All staff are reminded, as set out in KCSIE 2026, that "absence from school can be a potential indicator of abuse or neglect" and that "schools must follow up on unauthorised absence and take swift action where children are missing."

Records of all actions taken must be kept and shared with safeguarding partners in line with statutory duties, Working Together to Improve School Attendance, and the Trust's Safeguarding and Child Protection Policy.

Barriers to attendance may include:

- Anxiety and EBSA
- SEND needs
- Friendship difficulties
- Bullying concerns
- Family difficulties
- Housing instability
- Transport issues
- Medical needs
- Bereavement
- Caring responsibilities

Emotionally Based School Avoidance (EBSA)

The Trust recognises that some pupils may experience difficulties attending school due to emotionally based school avoidance (EBSA), where anxiety or emotional distress presents a significant barrier to attendance.

Where EBSA is identified or suspected, schools will work collaboratively with pupils, parents, and relevant professionals to understand the underlying causes and develop an appropriate support plan. Support may include:

- early identification and assessment of barriers to attendance;
- reasonable adjustments to routines, transitions, or the school environment;
- graduated reintegration arrangements where appropriate;
- involvement of SEND, pastoral, mental health, educational psychology or external support services;
- regular review of support strategies and attendance outcomes.

The Trust maintains the expectation that all pupils should access full-time education wherever possible. Any alternative arrangements, including reduced timetables, will be time limited, regularly reviewed, and implemented in accordance with DfE guidance and the Equality Act 2010.

Children Looked After and previously Looked After children

Attendance of Children Looked After and Previously Looked After Children will be monitored closely by the Designated Teacher and attendance concerns addressed through Personal Education Plan (PEP) processes where appropriate.

Young Carers

The Trust recognises that caring responsibilities may impact attendance. Where a pupil is identified as a young carer, support will be considered to remove barriers to regular attendance.

Service children

The Trust recognises that deployment, relocation and family separation may affect attendance and wellbeing of service children and will provide appropriate support.

Children Missing Education (CME)

As defined in *KCSIE 2026* and *Children Missing Education statutory guidance (DfE 2025)*, Children Missing Education (CME) are children of compulsory school age who:

- Are children of compulsory school age who are not registered at a school and not receiving suitable education otherwise (e.g. via alternative provision or home education).
- Elective Home Education that is assessed as **unsuitable** may constitute CME.

The guidance makes clear that children on roll but persistently absent, those receiving suitable elective home education, or those awaiting a school place but still in education do not count as CME.

Extended Unexplained Absence

In line with *KCSIE 2026* and *Working Together to Improve School Attendance*, any period of **unexplained absence is treated as a serious safeguarding concern**.

- After ten consecutive school days of absence with no successful contact, the case will be reviewed by the Designated Safeguarding Lead and the Trust Education Welfare Officer as a safeguarding matter and managed within Tier 3 of the attendance protocol.
- Where absence continues and the child's whereabouts cannot be established, the case will be referred to the Local Authority's Children Missing Education (CME) Officer in line with statutory duties.
- A pupil may be removed from the admission register only on a lawful ground, only after all reasonable enquiries have been made, and only in consultation with the local authority. The school will inform the local authority without delay when removing a pupil from roll at both standard and non-standard transition points and will provide the required information.

Recording and information sharing

The school will record all actions and decisions on its safeguarding and attendance systems and share information with safeguarding partners where necessary to protect a child, in line with KCSIE 2026 and data protection law.

Authorised Absence

Some absences are unavoidable, usually due to illness, bereavement or exceptional family circumstances, and these can be classed as an Authorised Absence. The decision as to whether an absence is deemed authorised or not lies with the Headteacher.

Illness

Children who are reported by a parent as absent through illness are marked with an 'I' code. If the authenticity of illness is in doubt or the pupil is absent regularly with the same illness, the school can request medical evidence to support the absence. Medical evidence will not normally be required. However, where there is genuine and reasonable doubt about the authenticity of an illness, where absence is frequent or prolonged, or where it will help the school understand and support a pupil's needs, appropriate medical evidence may be requested.

Where remote education is provided during periods of absence, it will be used only as a temporary measure and, wherever possible, as part of a planned reintegration back into full-time attendance.

Medical Appointments

We request that dental and medical appointments be made out of school hours wherever possible. Where this is not possible, parents are required to verify the appointment at the school office. Pupils should only be out of school for the minimum amount of time necessary for the appointment. Pupils who are reported absent because they are attending a medical appointment are marked with an 'M' code. If a pupil returns to school during the sessional time following a medical appointment this will be recorded as present. Evidence of

the medical appointment must be provided at the school office once the pupil returns to school.

Religious Observance

Absence due to religious observance is authorised absence. The day must be exclusively set apart for religious observance by the religious body to which the parents belong. Children who are reported as absent due to religious observance are marked with an 'R' code.

Unauthorised Absence

Unauthorised absence is that which is not permissible in law, e.g. birthdays, shopping trips, days out, term time holidays, visiting relatives, medical appointments that can't be verified, and absences where no explanation has been given. The school will closely monitor all unauthorised absence with the Trust Education Welfare Officer and act when thresholds are reached.

Term Time Holidays or Extended Leave of Absence

In line with the government's amendments to the School Attendance (Pupil Registration) (England) Regulations 2024; **the Headteacher will not grant leave of absence for family holidays in term time or extended leave of absence unless there are exceptional circumstances.** This applies to all children of compulsory school age. In order to enforce this decision, the Board of Trustees has agreed to the issuing of Penalty Notices for parents taking their children out of school during term time for holiday or extended leave.

Parents who intend to take pupils out of school for a term time holiday or extended leave are required to write to the Headteacher requesting a leave of absence for their child stating the purpose, no later than 4 weeks before the holiday or leave is due to commence. Parents should complete the Leave of Absence Request Form available from the school office or website.

Parents will be notified in writing within two weeks of the Headteacher's decision and the intention to issue a Penalty Notice should the unauthorised term time holiday or extended leave go ahead. Pupils who are absent from school during term time because of a holiday will be marked with a 'G' code (family holiday not authorised) on the school registration system.

Exceptional Circumstances

Only exceptional circumstances warrant a leave of absence. The headteacher will consider each application individually considering specific facts and circumstances and relevant background context behind the request. If a leave of absence is granted, the headteacher will determine the length of time the pupil can be away from school.

As headteachers may only grant a leave of absence in exceptional circumstances, it is unlikely a leave of absence will be granted for the purposes of a family holiday.

The Board of Trustees recognises exceptional circumstances as those relating to: families in crisis; a terminal illness within the immediate family; pre and post operational leave for armed forces families.

Persistent Absence

Persistent absence is when a pupil misses 10% or more of school for any reason and where attendance falls below 90%. In keeping with Working Together to Improve School Attendance, absence data will be reviewed on a daily and weekly basis with a focus on disadvantaged pupils, pupils with SEND and pupils in the lowest twenty per cent by prior attainment. In cases where a pupil's absence becomes a cause for concern, the school will actively engage with families to provide appropriate support in line with the Tiered Approach. Where a pupil's absence is due to a known illness or exceptional circumstances, it will be monitored closely and sensitively in a supportive capacity at Stage 1.

In line with the Tiered Approach, schools will take a proactive and supportive approach to working with parents to ensure pupils who are at risk of being persistent absentees do not become so. Parents/carers will be invited to attend informal meetings at the school where attendance is causing concern before reaching stage 1 to improve attendance and avoid Persistent Absence.

Stage 1 Persistent Absence Review Meeting

Where a pupil's absence becomes a concern, parents will be invited to attend an Absence Review Meeting with a member of the Senior Leadership Team (SLT). At this meeting, an absence review will be carried out, the reasons for absence discussed, and strategies for improvement agreed, help and support will be offered, including external support where required. Parents will receive a letter detailing the points of the meeting.

Stage 2 Serious Concern Persistent Absence Review Meeting

In a Special School, attendance concerns are considered within the context of pupils' complex needs including medical conditions, disabilities, communication differences and Education, Health and Care Plans (EHCPs).

Where a pupil's attendance continues to cause significant concern, and absence is not fully explained by evidenced medical needs or agreed exceptional circumstances, the school will convene a **Stage 2 Persistent Absence Review Meeting**.

This represents a formal escalation within the school's graduated response.

Stage 3 Statutory intervention

Statutory intervention will only be considered where:

- Attendance remains significantly below expected levels;
- All reasonable adjustments and support have been implemented;
- Medical evidence does not justify the level of absence;
- Support is not being engaged with; and
- The Local Authority is satisfied that legal thresholds are met.

The school recognises that enforcement action must be proportionate and appropriate in cases involving children with complex needs.

Penalty Notice

Schools are required to follow the National Framework for Penalty Notices (August 2024).

Penalty notices will be issued for:

Term Time Leave: Penalty Notice Fines will be issued if parents take **unauthorised** Term Time Leave outside of what has been agreed by the Academy as a specialist setting. We work on a case by case basis and recognise that for a number of our children taking holidays during school holiday times can cause distress and anxiety due to how busy these periods can be. Parents/ carers should ensure that they complete a holiday request form which will be reviewed by a member of SLT.

10 Sessions of Unauthorised Absence in a School Week Period: A Penalty Notice may be considered/issued when a pupil has had 10 sessions (5 school days) of unauthorised absence in a 10 week rolling period (school weeks). A session is a half day. Ten sessions equals five school days.

- First Penalty Notice: £160 reduced to £80 if paid within 21 days.
- Second Penalty Notice within 3 years: £160 with no reduction.
- Third offence within 3 years: consideration of prosecution.

Income from fines relating to Penalty Notices go directly to the Local Authority for Court Costs and do not contribute to academy finances.

PER PARENT / PER CHILD

Penalty Notice Fines will continue to be issued per parent per child For Example: 3 Siblings absent for term time leave, would result in each parent receiving 3 separate fines.

FIRST OFFENCE

The first time a Penalty Notice is issued for a Term Time Holiday or Irregular School Attendance the Penalty Notice will be charged at:

£160 per parent, per child if paid within 28 days of issue, reducing to £80 if paid within 21 days.**

SECOND OFFENCE (within 3 years of the First Offence)

Where it is deemed appropriate to issue a second Penalty Notice to the same parent for the same pupil within 3 years of the first notice, the second Penalty Notice will be charged at: £160 if paid within 28 days (no reduced fee for paying early).

(**Unpaid Penalty Notices after 28 days may result in a parental prosecution).

THIRD OFFENCE (within 3 years of the First Offence)

On the third time that an offence is committed for either a Term Time Holiday and / or Irregular Attendance a Penalty Notice will not be issued, the case may proceed straight to Parental Prosecution under the Single Justice Procedure. If found guilty of the offence of 'Failure to send a child to school' the Magistrates can impose a fine up to £1000. Other prosecution tools may also be considered.

See appendix 2 Penalty notice flow chart

Keeping Track of Attendance

At Waterton Academy Trust we use attendance data proactively to identify patterns, inform early intervention, and monitor the impact of our strategies across all academies. We analyse attendance trends at trust, school, year group, and individual pupil levels—placing particular focus on disadvantaged groups, including pupils eligible for Pupil Premium, those with SEND, and the lowest 20% by prior attainment, as well as young carers. Attendance will be analysed weekly, half-termly, termly and annually to identify emerging patterns at individual, cohort and whole-school level. Analysis will include benchmarking against national and local data where available and evaluation of the impact of attendance strategies. By tracking these groups closely, we ensure our actions are equitable, targeted, and effective in reducing persistent and severe absence. This data-led approach enables leaders and staff to respond swiftly, tailoring support to where it is most needed to improve outcomes for all pupils.

Roles and Responsibilities

All staff have a responsibility to promote good attendance and punctuality as part of their everyday work. This includes creating a welcoming climate, building positive relationships, noticing and reporting patterns of absence or lateness, listening to pupils, passing on concerns promptly, recording information accurately, and reinforcing the message that attending school regularly helps pupils to learn, belong and thrive.

Teachers and support staff are not expected to resolve complex attendance concerns alone, but they are expected to contribute to the whole-school attendance culture by knowing pupils well, identifying early changes in attendance or engagement, and working with leaders, pastoral staff and families to remove barriers where appropriate.

The Headteacher, DSL and Senior Attendance Champion ensures staff training in line with Working Together 2024.

Governors will receive a termly attendance report that includes PA and SA rates for key cohorts and the impact of Tier 2 and Tier 3 interventions.

The DfE tables in appendix 4 summarise the attendance responsibilities for parents, schools, academy trusts and governing bodies, and local authorities which are outlined in the Working together to improve school attendance guidance DfE (Updated July 2026).

These should be read alongside the statutory guidance documents on parental responsibility measures, children missing education, supporting pupils at school with medical conditions, suspensions and exclusions, alternative provision, and safeguarding.

Monitoring and Governance

The Board of Trustees, Academy Standards Committee and Trust leaders will receive regular attendance reports to provide strategic oversight of attendance across the Trust and within individual academies. Reports will include overall attendance, persistent absence, severe absence and attendance trends over time, together with analysis of key vulnerable groups, including pupils with SEND, disadvantaged pupils, children looked after and previously looked after, pupils with a social worker, young carers and other cohorts identified through school attendance analysis.

The Board and Academy Standards Committee will use this information to challenge trends, monitor the impact of attendance strategies and interventions, evaluate progress against agreed priorities, and ensure that appropriate resources, leadership and staff training are in place to secure continuous improvement. Across the Trust, attendance data will also be reviewed to identify emerging patterns, share effective practice between academies and target support where it is needed most, ensuring a consistent and strategic approach to improving attendance.

Evaluation and Review

The Trust will review this policy annually and update accordingly to include changes in the law and guidance on good practice. The policy will be promoted throughout our academy communities and shared with outside agencies and partners as required.

Appendix 1: The Waterton Tiered Approach to Attendance

Waterton schools have a **tiered approach to managing attendance using three waves of attendance approach**, ensuring clear responsibilities for: parents/carers, pupils, school, and external agencies.

Wave 1 – Universal: Strategies for all pupils to promote good attendance.

Wave 2 – Targeted: Additional support for pupils whose attendance is declining or at risk.

Wave 3 – Intensive: Intensive support for pupils with persistent absence or complex attendance needs.

Wave 1: Universal Attendance Approach

A positive school culture that encourages regular attendance for all and early identification and support for potential attendance issues.

Wave 2: Targeted Attendance Approach

Early intervention and bespoke support for pupils whose attendance is declining or at risk of becoming Persistently Absent (90% attendance or less).

Wave 3: Intensive Attendance Approach

High-level, personalised support for pupils with Persistent Absence (less than 90% attendance) or complex attendance needs.

Appendix 2: Waterton Attendance Essentials for Parents

At Waterton Academy Trust we believe that good attendance underpins every child's ability to learn, make friends and achieve their best. Every school within our Trust follows the Waterton Attendance Policy and develops its own Attendance Strategy to reflect its unique community, routines and support systems.

At Newstead Academy every day in school counts. Good attendance supports learning, wellbeing, and long-term success. At Newstead Academy, we know that the best way to help children succeed is by working with parents and carers. We value the strong relationships we build with families and believe that good communication, trust and teamwork make a real difference. Together we can celebrate achievements, spot any worries early, and make sure every child feels happy, supported and ready to learn.

This document sets out what parents at Newstead Academy need to know at a glance to support good attendance in line with the Waterton Academy Trust Attendance Policy and Tiered Approach to attendance. **It also explains how Newstead Academy promotes excellent attendance, celebrates success,** and works with families where attendance becomes a concern through the Tiered Approach to attendance.

Working With Parents

We want every child to attend school at least 90% of the time, as this gives them the best chance to learn and succeed.

- If attendance drops below 89%, we will contact you to talk through any concerns and offer support so improvements can be made.
- The government defines Persistent Absence as attendance below 90%. At this stage, children miss a significant amount of learning, and we work closely with families to address barriers and put plans in place.

Our tiered approach to attendance shows how we support all families – from celebrating good attendance, to offering extra help when attendance begins to fall, through to more intensive support where it is needed most.

The School Day

The law states that children should arrive at school on time, every day. Each school day has two sessions. The register is taken at the start of the morning session and again at the start of the afternoon session. Pupils attend school for 380 sessions or 190 days during a school year.

Newstead

- 8.45am - The start of the school day. Doors open to pupils and the registration period begins.
- 9.15am - Registration period closes. All external classroom and cloakroom doors are secured and lessons begin.

Newstead Hunningley

- 9.00am - The start of the school day. Doors open to pupils and the registration period begins.
- 9.30am - Registration period closes. All external classroom and cloakroom doors are secured and lessons begin.

Late Arrivals (Newstead)

Late arrivals affect learning and progress and may also disrupt classroom routines for the class as well as the late pupil.

- Arrivals after 9.00am enter the school through the main door and report to the school office. Parents are required to record the time of arrival and reason for lateness.
- Pupils who arrive late, but before the register has closed 9.15am will be recorded as L in the register. This is counted as a present mark but shows lateness.
- Pupils who arrive late after the register has closed 9.15am will be coded as U (unauthorised) in the register. This is counted as an unauthorised absence.

Late Arrivals (Newstead Hunningley)

Late arrivals affect learning and progress and may also disrupt classroom routines for the class as well as the late pupil.

- Arrivals after 9.15am enter the school through the main door and report to the school SLT. Parents are required to record the time of arrival and reason for lateness.
- Pupils who arrive late, but before the register has closed 9.30am will be recorded as L in the register. This is counted as a present mark but shows lateness.
- Pupils who arrive late after the register has closed 9.30am will be coded as U (unauthorised) in the register. This is counted as an unauthorised absence.

Absence from School

If your child is too unwell to attend school, parents must notify the school by 9am on the first day of absence, clearly stating the reason.

Any unexplained absence will be treated as a possible safeguarding concern.

If your child is absent from school without a reason, a member of our team will contact you by phone call at the start of the school day. If we are unable to contact you, we will follow up with your listed emergency contacts. If we are unable to make contact by 11am we will follow up with a possible home visit or referral if concerns remain.

Celebrating and Promoting Attendance at Newstead Academy

Attendance Matters

Be Here ♥ Belong ♥ Achieve ♥

At our school, we celebrate attendance and recognise the huge efforts our pupils and families make.

Ways We Celebrate Attendance

Shared at Parents' Evening

We share attendance information at parents' evening, giving families the opportunity to discuss progress and celebrate success.

Class Rewards

Each class has their own rewards, including 'Win of the Week' for pupils who show a specific and personalised improvement.

Termly ASC Meetings

Attendance data is monitored and shared at termly ASC meetings to track progress and identify ways we can continue to support our pupils.

End of Year Prize Draw

In Summer 2, every pupil who attends every day is entered into our weekly draw. Pupils are then drawn as attendance 'winners' and receive a fantastic family prize, such as tickets to local experiences. Our winners are also featured in the July newsletter!

♥ We Know Every Pupil's Journey Is Unique

We recognise that due to the needs of our pupils, 100% attendance all of the time can be difficult. That's why we celebrate individual achievements and personal progress in relation to attendance. Every step forward is a success! ♥

Show Up

Be Proud

Make Progress

You Matter

We Celebrate You

Together we can make a difference ♥

KINDNESS • OPPORTUNITY • BELONGING • BRIGHTER FUTURES

For attendance questions and support contact: Sharon Wainwright
(Head of Specialist Provisions)

Appendix 3: Penalty notice flow chart

Penalty Notice Fines for School Attendance

National Framework for Penalty Notices

PENALTY NOTICES WILL BE ISSUED FOR

Term Time Leave: Penalty Notice Fines will be issued for Term Time Leave of 5 or more consecutive days.

10 Sessions of Unauthorised Absence in a 10 Week Period: A Penalty Notice may be considered/issued when a pupil has had 10 sessions of unauthorised absence in a 10 week* period.

*School Weeks

PER PARENT / PER CHILD

Penalty Notice Fines will continue to be issued per parent per child

For Example: 3 Siblings absent for term time leave, would result in each parent receiving 3 separate fines

FIRST OFFENCE

The first time a Penalty Notice is issued for a Term Time Holiday or Irregular School Attendance the Penalty Notice will be charged at:

£160 per parent, per child if paid within 28 days of issue, reducing to £80 if paid within 21 days**

SECOND OFFENCE (within 3 years of the First Offence)

Where it is deemed appropriate to issue a second Penalty Notice to the same parent for the same pupil within 3 years of the first notice, the second Penalty Notice will be charged at:

£160 if paid within 28 days (no reduced fee for paying early).

(**Unpaid Penalty Notices after 28 days may result in a parental prosecution)

THIRD OFFENCE (within 3 years of the First Offence)

On the third time that an offence is committed for either a Term Time Holiday and / or Irregular Attendance a Penalty Notice will not be issued, the case may proceed straight to Parental Prosecution under the Single Justice Procedure. If found guilty of the offence of 'Failure to send a child to school' the Magistrates can impose a fine up to £1000.

Appendix 6: DfE Summary tables of responsibility for school attendance (August 2024)

All pupils

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Ensure their child attends every day the school is open except when a statutory reason applies. Notify the school as soon as possible when their child has to be unexpectedly absent (e.g. sickness). Only request leave of absence in exceptional circumstances and do so in advance. Book any medical appointments around the school day where possible.	Have a clear school attendance policy on the school website which all staff, pupils and parents understand. Develop and maintain a whole school culture that promotes the benefits of good attendance. Accurately complete admission and attendance registers. Have robust daily processes to follow up absence. Regularly monitor data to identify patterns and trends and understand which pupils and pupil cohorts to focus on. Have a dedicated senior leader with overall responsibility for championing and improving attendance.	Take an active role in attendance improvement, support their school(s) to prioritise attendance, and work together with leaders to set whole school cultures. Ensure school leaders fulfil expectations and statutory duties. Use data to understand patterns of attendance, compare with other local schools, identify areas of progress and where greater focus is needed. Ensure school staff receive training on attendance.	Have a strategic approach to improving attendance for the whole area and make it a key focus of all frontline council services. Have a School Attendance Support Team that works with all schools in their area to remove area-wide barriers to attendance. Provide each school with a named point of contact in the School Attendance Support Team who can support with queries and advice. Offer opportunities for all schools in the area to share effective practice.

Pupils at risk of becoming persistently absent

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Work with the school and local authority to help them understand their child's barriers to attendance. Proactively engage with the support offered to prevent the need for more formal support.	Proactively use data to identify pupils at risk of persistent absence. Work with each identified pupil and their parents to understand and address the reasons for absence, including any in-school barriers to attendance. Where out of school barriers are identified, signpost and support access to any required services in the first instance and act as lead practitioner if attendance is the only issue and/or the local threshold for formal early help is not met. If the issue persists, take an active part in the multi-agency effort with the local authority and other partners. If a case meets the local threshold for formal early help/family support, this includes conducting the early help assessment and acting as the lead practitioner where all partners agree that the school is the best placed lead service. Where the lead practitioner is outside of the school, continue to work with the local authority and partners.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Hold a regular conversation with every school to identify, discuss and signpost or provide access to services for pupils who are persistently or severely absent or at risk of becoming so. Where there are out of school barriers, provide each identified pupil and their family with access to services they need in the first instance. If the issue persists, and there are multiple needs consider whether the threshold for early help is met and facilitate access where it is. Regardless, take an active part in the multi-agency effort with the school and other partners. Provide the lead practitioner in cases where threshold is met and all partners agree that a local authority service is best placed to lead. Where the lead practitioner is outside of the local authority, continue to work with the school and partners.

Persistently absent pupils

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
--------------------------	--------------------------	--	------------------------------------

Waterton Academy Trust, Centre For Excellence, Walton Primary Academy, The Grove, Wakefield, WF2 6LD

☎ 01924 240767 ✉ admin@watertonacademytrust.org 🌐 watertonacademytrust.org

Work with the school and local authority to help them understand their child's barriers to attendance. Proactively engage with the formal support offered – including any parenting contract or voluntary early help plan to prevent the need for legal intervention.	Continue support as for pupils at risk of becoming persistently absent and: Where absence becomes persistent, put additional targeted support in place to remove any barriers. Where necessary this includes working with partners. Where there is a lack of engagement, hold more formal conversations with parents and be clear about the potential need for legal intervention in future. Where support is not working, being engaged with or appropriate, work with the local authority on legal intervention. Where there are safeguarding concerns, intensify support through a referral to statutory children's social care. Work with other schools in the local area, such as schools previously attended and the schools of any siblings.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Continue support as for pupils at risk of becoming persistently absent and: Work jointly with the school to provide formal support options including attendance contracts and education supervision orders. Where there are safeguarding concerns, ensure joint working between the school, children's social care services and other statutory safeguarding partners. Where support is not working, being engaged with or appropriate, enforce attendance through legal intervention (including prosecution as a last resort).
---	---	--	---

Severely absent pupils

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
--------------------------	--------------------------	--	------------------------------------

Work with the school and local authority to help them understand their child's barriers to attendance. Proactively engage with the formal support offered – including any parenting contract or voluntary early help plan to prevent the need for legal intervention.	Continue support as for persistently absent pupils and: Agree a joint approach for all severely absent pupils with the local authority.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Continue support as for persistently absent pupils and: All services should make this group the top priority for support. This may include a whole family plan, consideration for an education, health and care plan, or alternative form of educational provision. Be especially conscious of any potential safeguarding issues, ensuring joint working between the school, children's social care services and other statutory safeguarding partners. Where appropriate, this could include conducting a full children's social care assessment and building attendance into children in need and child protection plans.
---	---	--	--

Support for cohorts of pupils with lower attendance than their peers

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
--------------------------	--------------------------	--	------------------------------------

Not applicable.	Proactively use data to identify cohorts with, or at risk of, low attendance and develop strategies to support them. Work with other schools in the local area and the local authority to share effective practice where there are common barriers to attendance.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Track local attendance data to prioritise support and unblock area wide attendance barriers where they impact numerous schools.
-----------------	---	---	---

Support for pupils with medical conditions or SEND with poor attendance

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Work with the school and local authority to help them understand their child's barriers to attendance. Proactively engage with the support offered.	Maintain the same ambition for attendance and work with pupils and parents to maximise attendance. Ensure join up with pastoral support and where required, put in place additional support and adjustments, such as an individual healthcare plan and if applicable, ensuring the provision outlined in the pupil's EHCP is accessed. Consider additional support from wider services and external partners, making timely referrals. Regularly monitor data for such groups, including at board and governing body meetings and with local authorities.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Work closely with relevant services and partners, for example special educational needs, educational psychologists, and mental health services, to ensure joined up support for families. Ensure suitable education, such as alternative provision, is arranged for children of compulsory school age who because of health reasons would not otherwise receive a suitable education.

Support for pupils with a social worker

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Work with the school and local authority to help them understand their child's barriers to attendance. Proactively engage with the support offered.	Know who the pupils who have, or who have had, a social worker are. Understand how the welfare, safeguarding, and child protection issues that they are experiencing, or have experienced, can have an impact on attendance – whilst maintaining a culture of high aspiration for the cohort. Provide additional academic support and make reasonable adjustments to help them, recognising that even when statutory social care intervention has ended, there can be a lasting impact on children's educational outcomes. Work in partnership with the local authority at a strategic and individual level, sharing data on attendance including, at an individual level, informing the pupil's social worker if there are any unexplained absences and if their name is to be deleted from the register.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Ensure that all Children's Social Care practitioners understand the importance of good attendance for pupil's educational progress, for their welfare and their wider development – and understand their role in improving it. Through the work of Virtual School Heads, they should: • Undertake systemic monitoring and data sharing of the attendance of children with a social worker in their area: developing and implementing targeted cohort level interventions to improve attendance. • Provide advice, challenge and training to schools on how to promote and secure good attendance for children with a social worker. • Develop whole system approaches, with social care, to support the attendance of children in need.

Looked after and previously looked after children

Waterton Academy Trust, Centre For Excellence, Walton Primary Academy, The Grove, Wakefield, WF2 6LD

☎ 01924 240767 ✉ admin@watertonacademytrust.org 🌐 watertonacademytrust.org

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Work with the school and local authority to help them understand the child's barriers to attendance – including the development of Personal Education Plans. Proactively engage with the support offered.	Have high expectations for the cohort – with expert support and leadership provided by the designated teacher for looked-after and previously looked-after pupils. Work in partnership with the local authority Virtual School Head to develop and deliver high quality Personal Education Plans for lookedafter children that support good attendance. Work directly with parents to develop good home-school links that support good attendance. For previously looked-after pupils this could include discussion on use of the Pupil Premium Plus funding managed by the school.	Designate a member of staff to have responsibility for the promotion of the educational achievement of looked-after and previously looked-after pupils. Monitor and review attendance of the cohort and consider how school policies, including behaviour policies, are sensitive to their needs and support good attendance.	Promote the educational achievement of looked-after and previously looked-after children – doing everything possible to minimise disruption to education when a pupil enters care. (LA that looks after the child:) Appoint an expert Virtual School Head (VSH) – will: • Monitor, report on, and evaluate the education outcomes of looked after children, including their attendance, as if they attended a single school - wherever they live or are educated. • Ensure schools know when they have a pupil looked after by the authority on their role and that information is shared with the school on issues that may impact on their attendance. • Ensure that all looked-after pupils have high quality, up to date, effective Personal Education Plans developed in partnership with schools, social workers and carers – including, where necessary, clear interventions and use of pupil premium plus funding to support good attendance. • Provide expert advice and information on the education of previously looked-after pupils to schools and parents – including their attendance.

Monitoring

Parents:	Schools:	Academy trustees and governing bodies:	Local authorities:
Schools regularly update parents on their child's attendance. (If parents feel the school and/or local authority have not delivered what they are expected to they should discuss the case with the school and/or local authority's attendance support team.)	The school's Senior Attendance Champion will ensure all school based staff complete their attendance responsibilities in line with the school's policies and procedures. The governing board or academy trust will hold the headteacher or executive leadership to account for their delegated responsibilities and for compliance with regulatory and statutory requirements. They will review progress and provide challenge when required. The board will help school leaders focus improvement efforts on the individual pupils or cohorts who need it most and ensure that school staff receive adequate training on attendance. Ofsted will expect schools to do all they reasonably can to achieve the highest possible attendance as part of the behaviour and attitudes judgement. This includes, where attendance is not consistently at or above what could reasonably be expected, that schools have a strong understanding of the causes of absence (particularly for persistent and severe absence) and a clear strategy in place that takes account of those causes to improve attendance for all pupils. Ultimately, in cases where a school has not met expectations or statutory duties the Secretary of State can consider a complaint.	DfE Regions Group considers multi academy trusts' efforts on attendance as part of decision making. Ofsted considers governing bodies' efforts as part of inspections.	DfE Regions Group monitors local authority efforts as part of regular interaction. Ofsted may consider the local area partnership's approach to improving attendance of children and young people with SEND as part of the SEND Area Inspection, and the local authority's approach to improving attendance for children with a social worker through inspecting local authority children's services. Ultimately, in cases where a local authority has not met expectations or statutory duties the Local Government and Social Care Ombudsman or the Secretary of State can consider a complaint.
