

Uniform Policy

2023-2024

The uniform at Newstead Academy is designed to be smart, comfortable and cost effective. This uniform policy has been written to ensure that uniform expectations are clear with a number of different options and combinations of clothing. We understand that some children may need reasonable adjustments in place and have tried to accommodate these within this policy. However, please do contact us if you would like to discuss a further reasonable adjustment for your child. At Newstead Academy, we understand that the increasing cost of living is affecting all of our families; we provide financial support where needed and treat all financial matters with strict confidentiality.

If your child is not wearing the correct uniform:

School does not have a preferred uniform provider as we do not require children to wear clothing with logos on. School can source logoed uniform should parents choose that this might be something which would suit the sensory needs of their child and uniform enquiries and orders can be made through our school office.
