## 2023-2024

### Weekly Newsletter

## Summer 2 – Week 3

### 21 June 2024

## Here Comes The Sun!!

Don't forget to send your child to school next week with their Water Bottle, Sun Hat & Sun Cream!

*It's going to be a hot one!*

## Car Parking

We are continuing to work with the council and local residents regarding parking.

Please can you ensure you do not park at the end of the school drive. Some parents are parking partly or fully on the pavement at the other side of the school gates and this is causing some issues with local residents especially if their drive ways are blocked.

Please park on the main road. We really do appreciate your cooperation with this.

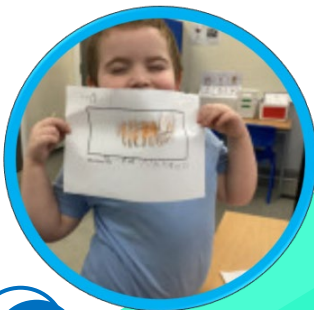

## Animal Experience

We are pleased to share that on Monday we are having some special visitors. We have partnered with Camphill who are visiting our setting.

They will bring some of their special friends which includes;

- Lizards
- Chickens
- Chinchilla
- Hedgehog
- Snake and many more ...

Please ensure you complete the permission slip on the attached letter and return to school on Monday.

**What have our  
Busy Bees been**

**learning this  
week?**

## Hive 1 – Theresa

In Hive 1 we have been exploring pasta in our Food Glorious Food. We have been exploring, threading, making musical instruments and tasting different types of pasta. Try making a pasta shaker at home! In maths the children have enjoyed our new sensory tent for enveloping and learning about shapes.

## Hive 2 – Vic

This week we have started our new topic of "On Safari". Over the past few weeks, we have been finding out about different animals and their habitats and how to care for animals. This week we have been looking at what amazing talents some animals have and beginning to classify them by features. We used feathers to make some fantastic parrot collages. In Maths we have been investigating lots of different ways to add including using ten frames, addition stories and number lines. We are all doing amazingly well with our Phonics and remembering and writing and lots of sounds.

## Hive 3 – Craig

This week in Hive 3 we have been finding out all about Neil Armstrong, in writing we wrote sentences with fabulous facts about this pioneering explorer, in our topic sessions we explored his journey to the moon on board apollo 11 and then we made and fired our own bottle rockets! In maths we look at fractions exploring parts and wholes.

## Sign of the Week

### Space Rocket

Contact: 01226 395 983

## Diary Dates
